Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2018, its PROFIT and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure 'A', a statement on the matters specified in paragraphs 3 and 4 of the said order.
2. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the Statement of Profit and Loss and the Cash flow Statement dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - e. On the basis of the written representations received from the directors as on March 31, 2018, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2017, from being appointed as a director in terms of Section 164(2) of the Act.
 - f. With respect to adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure 'B', and
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us;

- (i) The Company does not have any pending litigations which would impact its financial position.

- (ii) The company has not entered in any long term contracts including derivative contracts requiring provision under applicable laws or accounting standards for material foreseeable losses.

Re. TASTY DAIRY SPECIALITIES LIMITED

1. (a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.

(b) Major fixed assets have been physically verified by the management at reasonable intervals. In our opinion, the frequency of such verification is reasonable and to the best of our knowledge, no material discrepancies have been noticed on such verification.

(c) According to the information and explanation given to us and on the basis of our examination of the records of the Company, the title deeds of the immovable properties are held in the name of the Company.
2. The inventory has been physically verified during the year by the management. In our opinion, the frequency of verification is reasonable. To the best of our knowledge, no material discrepancies have been noticed on such verification.
3. The company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Therefore, the provisions of clause 3 (iii) (a) to (c) of the Order are not applicable to the Company.
4. In our opinion and according to information and explanation given to us, the Company has, in respect of loans, investments, guarantees, and security, complied with the provisions of section 185 & 186 of The Companies Act, 2013 as applicable.
5. Based on our scrutiny of the company's records and according to the information and explanations provided by the management, in our opinion the company has not accepted any loans or deposits from the public within the meaning of sections 73 to 76 or any other relevant provisions of The Companies Act, 2013 and which are 'deposits' within the meaning of rule 2(b) of the Companies (Acceptance of Deposits) Rules, 2014.
6. According to the information and explanations given to us, we are of the opinion that prima facie, the cost records prescribed by the Central Government under section 148(1) of the Act have been made and maintained.
7. (a) According to the information and explanation given to us and on the basis of our examination of the records of the company, amounts deducted/accrued in the books of accounts in respect of undisputed statutory dues including provident fund, employees' state insurance, income tax, sales tax, custom duty, cess and any other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities.

According to the information and explanation given to us, no undisputed demand payable in respect of provident fund, employees' state insurance, income tax, sales tax, custom duty, cess and any other

material statutory dues were in arrear as at 31 March 2018 for a period of more than six months from the date they became payable.

(b) The disputed statutory dues that have not been deposited on account of disputed matters pending before Income Tax authorities are as under:

Sl. No.	Name of Statute	Nature of Dues	Amount (Rs. in Lacs)	Period to which the amount relates	Forum where dispute is Pending
1.	Income Tax Act 1961	Income Tax	3.54	2015-16	Deputy Commissioner of Income Tax
2.	Income Tax Act 1961	Income Tax	0.20	2016-17	Deputy Commissioner of Income Tax
3	Income Tax Act 1961	Income Tax	0.46	2011-12	Deputy Commissioner of Income Tax

7. Based on our audit procedures and on information and explanations given by the management, we are of the opinion that the company has not defaulted in repayment of loans or borrowings to any financial institution and banks. According to records of the company, the company has not issued debentures; hence the question of reporting on payment of dues to debenture holders does not arise.
9. In our opinion and according to the information and explanation given to us the company has utilized the money raised by way of initial public offer and term loans during the year for the purpose for which they were raised.
10. According to the information and explanations given to us, neither fraud on the company by its officers or employees nor any fraud by the company has been noticed or reported during the course of our audit.
11. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to The Companies Act, 2013.
12. In our opinion and according to the information and explanation given to us, the Company is not a Nidhi Company.
13. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standard.
14. According to the information and explanation given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment and private placement of shares or fully or partly convertible debentures during the year. Hence, the requirement on reporting under Para 3(xiv) is not applicable.

15. According to the information and explanation given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the requirement on reporting under Para 3(xv) is not applicable.
16. According to the information and explanation given to us and based on our examination of the records of the Company, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

ANNEXURE 'B' TO THE AUDITORS' REPORT

Re. TASTY DAIRY SPECIALITIES LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the internal financial controls over financial reporting of **TASTY DAIRY SPECIALITIES LIMITED** ("the Company") as of 31st March, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence which we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Obligation measured at the present value of estimated future cash flows using a discounted rate that is determined by reference to market yields at the balance sheet date or government bonds where the currency and terms of the Government are consistent with the currency and estimates of the defined benefit obligation.

11 IMPAIRMENT OF ASSETS

An asset is impaired if there are sufficient indication that the carrying cost would exceed the recoverable amount of cash generating assets. In that event an impairment loss so computed would be recognized in the account in the relevant year.

12 EARNING PER SHARE

The earning considered in ascertaining the Company's Earning Per Share (EPS) comprise the net profit after tax. The number of shares used in computing basic EPS is the weighted number of shares outstanding during the year. The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential diluted equity shares

13 CASH FLOW STATEMENT

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferral or accruals of past or future cash receipts or payment. The cash flows from regular operating, investing and financing activities of the Company are segregated.

14 PROVISIONS, CONTINGENT LIABILITIES & CONTINGENT ASSETS

Provisions involving a substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements.

15 MAT CREDIT ENTITLEMENT

MAT credit is recognized as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT credit entitlement to the extent that there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

16 FOREIGN CURRENCY TRANSACTIONS

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Net exchange gain or loss resulting in respect of foreign exchange transactions settled during the period is recognized in the profit and loss account.

MANAGEMENTS DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATION

The following discussion of our financial condition and results of operations should be read in conjunction with our financial statements as of and for the year ended March 31, 2018 and the year ended March 31, 2017, prepared in accordance with Companies Act, 2013 to the extent applicable accounting standards and Indian GAAP, including the schedules, annexure and notes thereto and the reports thereon, included in 'Financial Statements'.

This discussion contains forward-looking statements and reflects our current views with respect to future events and financial performance.

INDUSTRY STRUCTURE AND DEVELOPMENT

Overview of Indian economy

Dairy activities have traditionally been integral to India's rural economy. The country is one of the largest producer of dairy products in the world and almost entire production is consumed by the nation. Despite being the world's largest producer, the dairy sector is by and large in the primitive stage of development and modernization. On the demand side, the situation is buoyant. With the sustained growth of the Indian economy and a consequent rise in the purchasing power during the last two decades, more and more people today are able to afford milk and value added dairy products. This trend is expected to continue with the sector experiencing a robust growth in demand in the short and medium run. If the impediments in the way of growth and development are left unaddressed, India is likely to face a serious supply - demand mismatch and it may gradually turn into a substantial importer of milk and milk products.

The Indian economy expanded 6.3 percent year-on-year in the third quarter of 2017, above a 5.7 percent in the previous quarter which was the lowest in near three years, but below market expectations of a 6.4 percent. Investment and inventories growth rebounded, offsetting a slowdown in both private and public spending. GDP Annual Growth Rate in India averaged 6.12 percent from 1951 until 2017, reaching an all-time high of 11.40% in the first quarter of 2010 and a record low of -5.20 percent in the fourth quarter of 1979.

Milk Production

India continues to be the largest producer of milk in world. Several measures have been initiated by the Government to increase the productivity of livestock, which has resulted in increasing the milk production significantly from the level of 102.6 million tonnes at the end of the Tenth Plan (2006-07) to 127.9 million tonnes at the end of the Eleventh Plan (2011-12). Milk production during 2014-15 and 2015-16 is 146.3 million tonnes and 155.5 million tonnes respectively showing an annual growth of 6.27% per capita availability of milk is around 337 grams per day in 2015-16 production of milk and corresponding growth rate (%) per year from 1985-86 to 2015-16 is shown in chart

Dairy Development

The Dairy sector in India has grown substantially over the years. As a result of prudent policy intervention, India ranks first among the world's milk producing nations, achieving an annual output of 155.49 million tonnes during the year 2015-16 as compared to 146.31 million tonnes during 2014-15 recording a growth rate of 6.27 %. FAO reported 1.8% increase in world milk production from 789 million tonnes in 2014 to 803 million tonnes in 2015. This represents a sustained growth in the availability of milk and milk products for growing population.

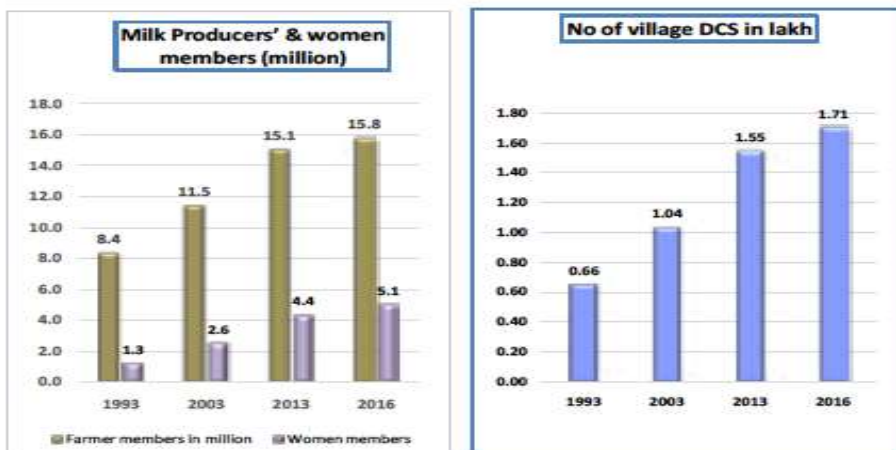

Milk Production & Per Capita Availability

Source: <http://dahd.nic.in/sites/default/files/Annual%20Report%202016-17.pdf>

Dairying has become an important secondary source of income for millions of rural families and has assumed the most important role in providing employment and income generating opportunities particularly for women and marginal farmers. The per capita availability of milk has reached a level of 337 grams per day during the year 2015-16, which is more than the world average of 299 grams per day in 2015. Most of the milk in the Country is produced by small, marginal farmers and landless laborers. 198 dairy cooperative milk unions have covered about 15.83 million farmers under the ambit of 1,70,992 village level dairy corporative societies have procured an average of 42.55 million kgs per day of milk during the year 2015-16 as compared to 38 million kgs per day in the previous year recording a growth of 12%. The sale of liquid milk by the Cooperative Dairies has reached 32 million liters per day during the year 2015-16 as compared to 31.24 million liters per day registering a growth of 2.7% over the last previous year up to March 2016. BUSINESS OVERVIEW

Our Company was originally incorporated as a private limited company on 30th July, 1992 under the name Tasty Dairy Specialities Private Limited vide certificate of Incorporation dated July 30, 1992, issued by the Registrar of Companies, Kanpur under the provisions of Companies Act 1956. Subsequently our Company was converted into a public limited company pursuant to special resolution passed at the Extra-ordinary General Meeting of our Company held on April 10, 2004 and the name of our company was changed to "Tasty Dairy Specialities Limited" Upon conversion into a public limited company, a fresh certificate of incorporation was issued by the Registrar of Companies, Kanpur on November 25, 2004. The Corporate Identification Number of our Company is U15202UP1992PLC014593, "U" is yet to be processed by ROC, application for the same has been submitted.

Our Company is currently involved in processing milk, along with bulk milk procurement and handling during season time which primarily caters to bulk and marquee institutional customers. Company is also involved in value added milk products like SMP, butter, ghee, dairy whitener, concentrated milk etc.

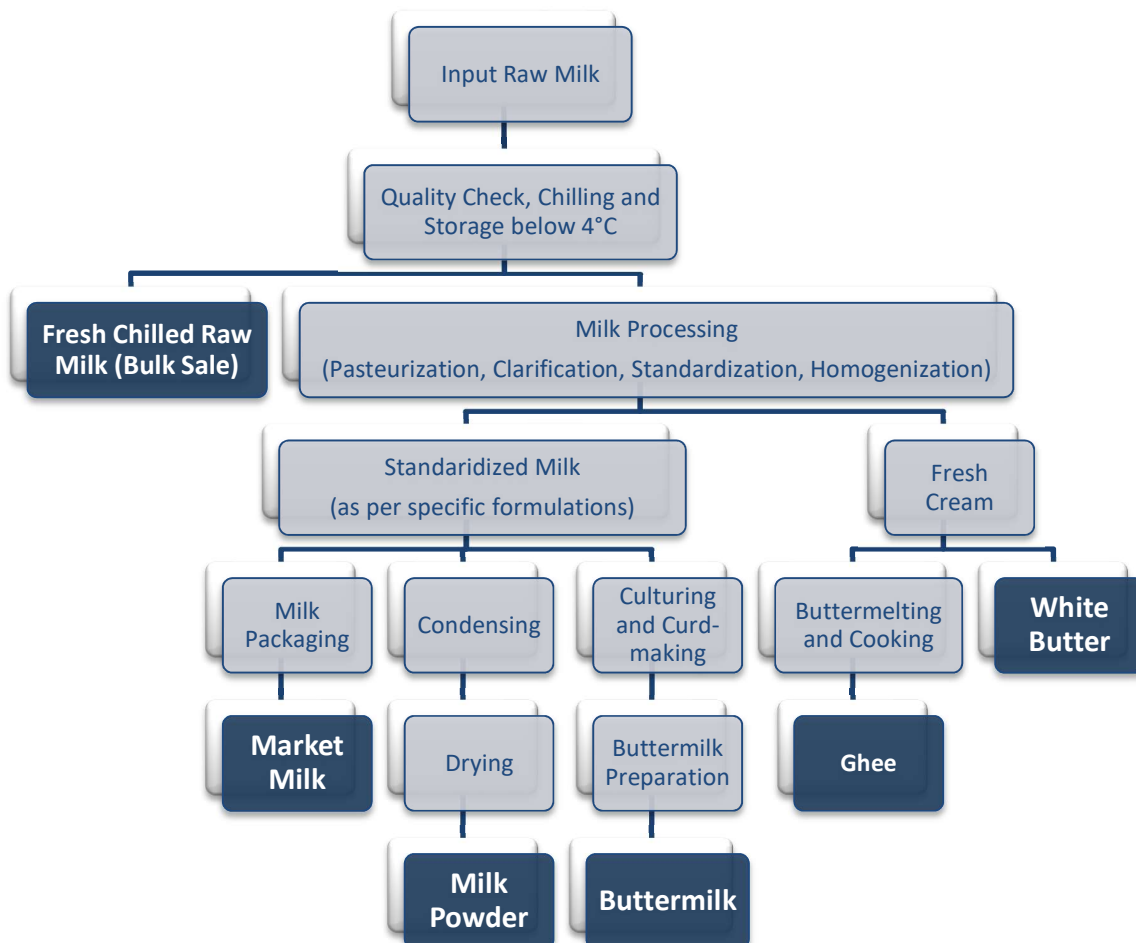

Our Company has wide range of quality dairy products under its umbrella which includes Pasteurized Liquid Milk, Cream, Butter (White/Salted), Pure Desi Ghee (Clarified Butter), Paneer (Fresh Cottage Cheese), Skimmed Milk Powder, Full Cream Milk Powder, Dairy Whitener, Instant Gulab Jamun Mix, Peda (a Indian Sweet), Mithai Powder etc., are packaged under the brand names "UJJWAL", "SHIKHAR", "VERIFRESH", "CIMA", "MITHAI MASTER" which are available in Uttar Pradesh, Madhya Pradesh and Bihar, whereas, the institutional products are supplied pan India. As of September 30, 2017, our distributor network included more than 20 distributors through which we serve a large number of retail outlets.

We have received several quality certifications relating to our products and production facilities, including ISO 22000:2005 certification from IRCLASS Systems and Solutions Private Limited for receipt of raw milk, processing, packaging, storage and dispatch of pasteurized milk and milk products. The company has made constant efforts in raising the bar by achieving various quality standards like BIS certificate from Bureau of Indian Standard in respect of skimmed milk powder, AGMARK quality certification for ghee, approval for processing and packaging of milk products for export by Export Council of India. Our products undergo stringent quality check and meet the highest standards set by our customers.

Manufacturing Process

The below mentioned flowchart reflects our manufacturing process

The brief manufacturing processes of some of our products are as follows:

Procurement of milk

All our production processes begin with the procurement of milk. We procure the Raw Milk directly from milk farmers and milk vendors from Kanpur and adjacent areas, which is a significant milk producing region in Uttar Pradesh. Our direct procurement model enables us to control costs and ensure quality of the raw milk procured by us. When milk arrives at the collection centre is examined for its Quality, Physical, Chemical as well as microbiological, Hygiene and Quantity. Our milk collection facilities have milk testing equipment and storage facilities, to test, collect and store raw milk at these milk collection facilities before being transported to our production facilities. Such inspections are operated by one or more of our employees before the milk are accepted. Post-demonetisation, the Company relies more on quality approved milk collection vendors than the collection centres in and across our raw milk procurement area. The price at which we purchase the milk is dependent on the quality of milk that is supplied to the milk collection facilities especially the Fat and Milk Solid-not-fat (MSNF) content in the raw milk supplied. Once approved and accepted, the raw milk is transported in specialized milk tanker vehicles to our production facilities.

Screening and testing

We have strict system in place and in-implementation to ascertain quality control standards for raw milk farmers and suppliers. We conduct screening and testing of the milk procured by us and for this purpose we have our own laboratory consisting of research and development team, which is situated within the premise of our production facility. Tests are conducted for the quality assurance which is based on the twenty six parameters including Fat test, SNF test, Temperature test, Color test, Acidity test, Salt test, Starch test, Sensory Quality of Milk, presence of any adulterants for good hygienic handling practices which in-turn contribute to its Microbiological Quality

Pasteurization

Pasteurization is the next step in Milk processing. Pasteurization means heating every particle of the milk or milk product to a Specific Temperature, holding for a defined duration at this temperature and Cooling below 4° C. The whole process enables destruction of 99.96% of pathogens and making milk safe for direct consumption besides extending its shelf-life to 3-days under refrigeration. We have established facility to undertake continuous Pasteurization Process, known as HTST (High Temperature Short Time) which eliminate involvement of human-touch and in-turn the probability of contamination. It makes the milk safe and healthy. It also improves the storage quality, so that milk and milk products can be stored for longer periods without being spoilt.

Clarification and Standardization

The cold raw milk passes through a centrifugal separator, which spins the milk through a series of conical disks inside an enclosure. A clarifier removes waste, bacteria, and other sediment that may be present in the raw

milk. For separation of milk we have installed three machineries, of Tetra Pack make, which has capacity to spin 10000 litres of milk per hour each.

After pasteurization, the milk is standardized as per the prevailing standards by taking in to cream separators for separation of excess cream from whole milk, if required, If the fat is partially removed in a manner that the final product contains 3% Fat, it is called Toned Milk and if the fat is completely removed from milk which leaves fat not more that 0.5%, it is called Skimmed Milk. The skimmed milk and pasteurised toned milk goes through standardization and then are packaged indifferent sizes of pouches for sale. Skim milk contains about 91% water

Homogenization

Homogenization is a mechanical process that breaks the large and uneven Fat globules into smaller uniform size that remain present in true solution and prevent gravity separation of milk in the form of cream layer formation. Homogenization improves viscosity of milk and appearance whiter. Homogenization is being done prior to Pasteurization, so as to prevent milk from deterioration of microbiological quality

Butter

Once pasteurization is done, Milk passes through separators where full cream milk is separated and milk cream is beaten vigorously in a churning cylinder until it thickens naturally into butter. The remaining liquid (buttermilk) is drained off, and the butter is mixed and blended. At this point, salt is sometimes added. The final product is, by regulation, at least 80% fat, about 16% water and 3% milk solids. After being weighed, cut, wrapped and chilled, the butter is delivered to your grocery store, ready for you to add to your favourite foods.

Clarified Butter (Ghee)

Ghee is obtained by clarification of milk fat at high temperature and is an indispensable part of religious and ceremonial rites and is prominent in the hierarchy of Indian dietary. Ghee can be stored for extended periods without refrigeration. The manufacturing process comprises two steps: separation of cream from milk and extraction of ghee from the cream. The cream less milk can be sold as toned milk. Ghee is sold in institutional as well as retail market. In retail market, it sold in different packages such as pouch, jar, tin, bottle, and carton with size starting from 15 grams to 1 kg. In institutional market, ghee is sold in 15kg tins to sweet shops, bakeries, hotels etc.

Milk Condensing and Drying -

During Milk Powder production water is removed by boiling the milk under reduced pressure at low temperature in a process known as evaporation. The resulting concentrated milk is then sprayed in a fine mist into hot air to remove further moisture thus forming a powder.

The left over skimmed milk, on the other side is sent to evaporators for evaporation of its water contents and to get its powder form through spray driers or roller driers. One purpose of drying milk is to preserve it. Milk powder has a far longer shelf life than liquid milk and does not need to be refrigerated, due to its low moisture content

OPPORTUNITY AND THREAT

Opportunities

- There are tremendous opportunity in B2C segment given rising inclination of end consumers to Branded Dairy Products which Tasty dairy can tap by entering in this segment through its new unit at D-5 UPSIDC INDUSTRIAL AREA JAINPUR, KANPUR DEHAT.

Threat

- Though the company has enough experience and seasoned professional to mitigate any business threat, the Company still may face stiff competition from the established big companies operating in B2C Segment of Dairy Products.
