INDEPENDENT AUDITOR'S REPORT

To the Members of **Tasty Dairy Specialities Limited**

Report on the Audit of the Standalone Financial Statements

Qualified Opinion

We have audited the accompanying standalone Ind AS Financial Statements of Tasty Dairy Specialities Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2023, and the statement of Profit and Loss (including other comprehensive income), Statement of Changes in Equity and statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information. Here in after reflected to as "Standalone Financial Statements".

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the basis for qualified opinion paragraph below, the aforesaid Standalone Ind AS financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at 31st March 2023, and total comprehensive Income (comprising of loss and other comprehensive Income), its cash flows and the changes in equity for the year on that date ended.

Basis for Qualified Opinion

1. As stated in note number 8(iii) of the standalone financial statement the recovery of outstanding receivables are slow due to accumulation of stocks with dealers and distributors and withholding of the payment by them. The Company has made provision of Rs 831.84 lacs for expected credit loss and doubtful receivables from customer. Determining Expected Credit Loss includes management judgment and is subject to high degree of estimation and assumptions.

Considering the various factors such as past operation and conduct of the account of customers, we are unable to comment whether the provision made by the management is adequate.

Our opinion is qualified in respect of the above matter.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements except as stated above.

Emphasis of Matter

We draw attention to the Note no.31 and Note no.32 of the Standalone Financial Statement regarding impact of COVID-19 pandemic and the preparation and presentation of accounts ongoing concern basis.

Our Report is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matters

The key audit matters	How our audit addressed the Key Audit Matter
Deferred Tax Asset & MAT Credit Entitlement	
<p>The company has recognized Deferred Tax Asset (DTA) & MAT credit entitlement.</p> <p>There recoverability of this DTA & MAT credit entitlement is dependent upon the generation of sufficient future taxable profit to utilize the same within the stipulated period prescribed under the income tax act, 1961.</p> <p>We identified this as a key audit matter because significant judgment is required in forecasting future taxable profits for recoverability of DTA & MAT credit entitlement.</p>	<p>We have considered the management's and technical consultant's projections & restructuring proposal submitted to the lender. Based on such forecasts of future revenue, taxable profit, the recognition and measurement of DTA & MAT credit entitlement are considered as adequate and reasonable.</p>

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditors' report thereon. The Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. When we read the Company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and shall take appropriate actions, if required.

Responsibility of Management for Standalone Financial Statements

The Company's Management & Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the State of affairs (financial position), profit or loss (financial performance including other comprehensive income) changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and

design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Mis-statements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material mis-statement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to Standalone Financial Statement in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. With respect to the matters to be included in the Auditor's Report in accordance with the Requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the act.

 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of changes in Equity, and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - (e) The qualification relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for qualified opinion paragraph above.
 - (f) On the basis of the written representations received from the directors as on 31st March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (g) With respect to the adequacy of the internal financial controls with reference to financial statements of the company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**".
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the companies (Audit and Auditors) Rule, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company does not have any pending litigations which would impact its financial position
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- iv. (a) The management has represented that, to the best of its knowledge and belief, as disclosed in the Notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”); or
 - provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.(b) The management has represented, that, to the best of its knowledge and belief, as disclosed in the Notes to the accounts, no funds have been received by the company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall:
 - directly or indirectly, lend or invest in other persons or entities identified in any whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”)
 - or
 - provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material mis-statement.
- v. The Company has neither declared nor paid any dividend during the year.
- vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.

ANNEXURE 'A' TO THE INDEPENDENT AUDITORS' REPORT

Re. TASTY DAIRY SPECIALITIES LIMITED

With reference to the Annexure A referred to in Paragraph 1 in Report on Other Legal and Regulatory Requirements of the Independent Auditors' Report of even date to the Members of Tasty Dairy Specialities Limited ("the Company") on the standalone financial statements for the year ended 31st March 2023, we report that:

1. (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company does not have any intangible assets hence clause 1(a) (B) is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of the immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favor of the lessee) disclosed in the financial statements are held in the name of the Company.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the company has not revalued its Property, Plant & Equipment (Including Right of use assets) during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made there under.

2. (a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No Discrepancies were noticed on verification between the physical stocks & the book records that were 10% or more in the aggregate for each class of inventory.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the company has been sanctioned working capital limits in excess of Rs. 5 Crores, in aggregate, from banks on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks are in agreement with the books of accounts of the company.

3. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the company has not made any investments, provided guarantee or security or granted any advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. The company has not granted any loans, secured or

unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a), 3(iii)(b) of the Order are not applicable to the Company.

- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the company has granted advances in nature of loan which is repayable on demand, therefore no schedule of repayment of principal and payment of interest has been stipulated.
 - (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect advances in the nature of loans to any party during the year.
 - (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion there are no instances of loans falling due during the year.
 - (f) The company has granted advances in nature of loan in earlier year amounting to Rs. 127.49 Lacs being 100% of total loans and advances granted to related party as defined in clause 76 of section 2 of the Companies Act, 2013.
4. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans, or provided any guarantee or security, during the year as specified under Section 185 of the Companies Act, 2013 (“the Act”). In respect of the investments made by the Company and the loans provided to the parties covered under Section 186 of the Act, in our opinion the provisions of Section 186 of the Act have been complied with. According to the information and explanations given to us, the Company has not provided guarantee or security to any parties covered under Section 186 of the Act.
5. The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.
6. We have broadly reviewed the books of account maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its manufactured goods and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.
7. (a) According to the information and explanation given to us and on the basis of our examination of the records of the company, amounts deducted/accrued in the books of accounts in respect of undisputed statutory dues including provident fund, employees’ state insurance, income tax, value added tax, Goods and Service Tax, custom duty, cess and any other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities, though there have been slight delays in a few cases of Provident fund and Employees’ State Insurance. According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Services Tax (‘GST’), Provident fund, Employees’ State Insurance, IncomeTax, Duty of Customs, Cess and other statutory dues were in arrears as at 31 March 2023 for a period of more than six months from the date they became payable
- (b) The disputed statutory dues that have not been deposited on account of disputed matters pending before Income Tax Authorities:

19. As mentioned in Note No. 32 and 33 of Standalone Financial Statements, Company could not service its debts in time and accounts with the bank had been classified as sub-standard. On application the accounts have been restructured by the lender. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
20. According to the information and explanations given to us and on the basis of our audit procedures, The Corporate Social Responsibility (CSR) contribution under section 135 of the Act is not applicable to the Company. Therefore, the provisions of clause (xx) (a) & (b) of the Order are not applicable to the Company. (Refer Note No. 38 to the Standalone Financial Statements).

ANNEXURE 'B' TO THE INDEPENDENT AUDITORS' REPORT

Re. TASTY DAIRY SPECIALITIES LIMITED

Report on the Internal Financial Controls over financial reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the internal financial controls over financial reporting of **TASTY DAIRY SPECIALITIES LIMITED** ("the Company") as of 31st March, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence which we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal financial controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes forming part of the Standalone Financial Statements for the year ended 31st March 2023

Corporate Information

Tasty Dairy Specialities Limited (“TDSL” or “the Company”) was founded in 1992. The Company is listed on the Bombay Stock Exchange. The Company is mainly engaged in procurement and processing of Milk and Manufacture of various value added products namely Butter, Milk, Ghee and other Milk products. The principal place of business of the Company is in Kanpur Dehat, Uttar Pradesh, India.

The Registered office of the Company is located at D-3, UPSIDC INDUSTRIAL AREA, JAINPUR, KANPUR DEHAT UTTAR PRADESH.

The Financial Statements of the company for the year ended 31st March, 2023 are approved and authorized for issue by the Company’s Board of Directors on 30.05.2023.

1.1 Basis of Preparation:

The Financial Statements of the Company have been prepared in accordance with Indian Accounting Standards (hereinafter referred to as “Ind-AS”) notified under Section 133 of the Companies Act, 2013 (“Act”) read with Companies (Indian Accounting Standards) Rules, 2015; and the other relevant provisions of the Act.

The company’s presentation and functional currency is Indian rupee. All amounts in these financial statements, except earnings per share amounts have been rounded off to nearest in Lacs unless otherwise indicated.

Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities are measured at fair value.
- Defined benefit plans where plan assets measured at fair value.

Operating Cycle:

The operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. Based on the nature of activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

1.2 Use of Judgment and Estimates

The preparation of the financial statements in conformity with Ind-AS requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the accounts and reported amounts of income and expenses during the year. The management believes that the estimates used in the preparation of financial statements are prudent and reasonable. The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

Actual results could differ from those estimates. The most significant techniques for estimation are described in the accounting policies below. Critical accounting judgments and the key sources of estimation or uncertainty in applying the Company's accounting policies arise in relation to property, plant and equipment, impairment of assets, current asset provisions, deferred tax, retirement benefits and provisions.

Information about significant areas of estimates and judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are as below:

- Impairment of Financial Assets- Refer **note- 1.3.14**
- Valuation of Inventories- Refer **note -1.3.5**
- Measurement of Defined Benefit Obligations and actuarial assumptions-Refer **note- 20(iii) & 1.3.7**
- Contingencies- refer **note -1.3.11**

Revisions to accounting estimates are recognized prospectively in the Statement of Profit and Loss in the period in which the estimates are revised and in any future periods affected.

Current versus non-current classification

The company presents assets and liabilities in the balance sheet based on current/ non-current classification.

All the assets and liabilities have been classified as current/non-current as per the Company's normal operating cycle and other criteria set out in Division II to Schedule III of the Companies Act, 2013.

1.3 Statement of Significant Accounting Policies

1.3.1 Property, Plant and Equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment (PPE) are stated at cost less accumulated depreciation and impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the item.

The cost of an item of PPE comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure including brokerage and start-up costs on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying assets up to the date the asset is ready for its intended use.

When significant parts of PPE are required to be replaced at intervals, company depreciates them separately based on their specific useful lives.

An item of PPE is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognized.

The residual values, useful lives and methods of depreciation of PPE are reviewed at each financial year end and changes if any are accounted in line with revisions to accounting estimates.

Depreciation

Depreciation on PPE is provided as per Written Down Value Method as per the useful life prescribed in Schedule II of the Companies Act, 2013.

Depreciation on additions/deductions to PPE made during the year is provided on a pro-rata basis from / up to the date of such additions /deductions, as the case may be.

Leased Assets

Leasehold land is amortized over the period of lease.

Capital Work in Progress

Capital work in progress is stated at cost, net of impairment losses, if any. Cost comprises of the cost of items of PPE not yet commissioned, incidental pre-operative expenses, related borrowing costs and other direct expenditure.

1.3.2 Intangible Assets

Intangible assets are carried at cost net of accumulated amortization and accumulated impairment losses, if any.

1.3.3 Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

I. The Company as a Lessee:

The Company's lease asset class primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assesses whether:

- > The contract involves the use of an identified asset.
- > The Company has substantialized all of the economic benefits from use of the asset through the period of the lease and;
- > The Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset

Right-of-use assets is evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are re-measured with a corresponding adjustment to the related right- of- use asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

As a lessor

Leases for which the company is a lessor, is classified as finance lease or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as finance lease. All other leases are classified as operating lease. When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sub-lease is classified as finance lease or operating lease with reference to right-of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight line basis over the term of such lease.

1.3.4 Impairment of Non-Financial Assets

Non-financial assets other than inventories and deferred tax assets are reviewed at each Balance Sheet date to determine whether there is any indication of impairment. If any such indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. The recoverable amount is higher of the assets or Cash-Generating Units (CGU's) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

1.3.5 Inventories

Cost includes all charges in bringing the inventories to their present location and condition, including octroi and other levies, transit insurance and receiving charges and excluding rebates and discounts, if any. Net realizable value is the estimated selling price in the ordinary course of business.

Inventories other than Scrap and Import entitlements/license are valued at lower of cost and net realized value.

1.3.6 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The specific recognition criteria described below are also to be met before revenue is recognized.

Sale of Goods

Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates. The sales exclude Value added tax/sales tax/GST. Sales are recognized on dispatch of goods to customers and on transfer of corresponding risk to the customers. Export Sales are recognized on the issuance of Bill of Lading/Airway bill by the carrier.

Dividend income

Dividend income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.

Insurance Claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

Other Income

Other income is accounted for on accrual basis except where the receipt of income is uncertain in which case it is accounted for on receipt basis.

1.3.7 Employee Benefits

1.3.7.1 Short Term Employee Benefits

Short-term obligations Liabilities for wages and salaries, including nonmonetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the undiscounted amounts expected to be paid when the liabilities are settled.

1.3.7.2 Post-Employment Benefits

I. **Defined Contribution Plan:**

Defined Contribution Plans such as Provident Fund, Employee State Insurance and National Pension Scheme are recognized as an expense and charged to the Statement of Profit and

Loss for the year when contributions are due. Both employees and the company make contribution at a specified percentage of covered employee's salary.

Defined Benefit Plans:

a) **Gratuity:**

- (i) Cost of providing the benefit is determined on an actuarial basis at the end of the year and charged to the Statement of Profit & Loss. The cost of providing these benefits is determined by independent actuary using the projected unit credit method.
- (ii) Re-measurement, comprising actuary gains and losses and the effect of Asset ceiling, (excluding amount included in the net interest on the net defined liability and retirement plan asset) are recognized immediately in the balance sheet with a corresponding debit/credit to the Retained Earning through OCI in the period in which they occur. It is included in the retained earnings in the statement of changes in the Equity and in the Balance Sheet Actuarial gain or loss is recognized in Other Comprehensive Income for long term benefits including gratuity benefits.

b) **Other Long Term Benefits:**

No other post-retirement benefits are provided to the employees.

1.3.8 Research and Development Expenditure

Expenditure on research of revenue nature is charged to Statement of Profit and Loss and that of capital nature is capitalized as fixed assets.

1.3.9 Foreign Currency Transactions

Monetary Items

Transactions in foreign currencies are initially recorded at their respective exchange rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at exchange rates prevailing on the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognized in Statement of Profit and Loss either as profit or loss on foreign currency transaction and translation or as borrowing costs to the extent regarded as an adjustment to borrowing costs.

Non – Monetary items

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

1.3.10 Government Grants

Government grants are recognized where there is reasonable assurance that the grant will be received, and all attached conditions will be complied with.

When the grant relates to an expense item, it is recognized in Statement of Profit and Loss on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

Government grants relating to Property, Plant and Equipment are presented as deferred income and are credited to the Statement of Profit and Loss on a systematic and rational basis over the useful life of the asset.

1.3.11 Provisions, Contingent Liabilities and Capital Commitments

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are possible obligations whose existence will only be confirmed by future events not wholly within the control of the Company, or present obligations where it is not probable that an outflow of resources will be required, or the amount of the obligation cannot be measured with sufficient reliability. Information on contingent liability is disclosed in the Notes to the Financial Statements.

Contingent assets are not recognized but disclosed when the inflow of economic benefits is probable. However, when the realization of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognized as an asset.

1.3.12 Fair Value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market which can be accessed by the Company for the asset or liability.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

1.3.13 Financial Assets

Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial assets. Based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial asset, the Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit and loss.

Debt instruments at amortized cost

Debt instruments such as trade and other receivables, security deposits and loans given are measured at the amortized cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss.

Debt instruments at Fair value through Other Comprehensive Income (FVOCI)

A 'debt instrument' is classified as at the FVOCI if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI).

Debt instruments at Fair value through Profit or Loss (FVTPL)

FVTPL is a residual category for debt instruments excluding investments in subsidiary and associate companies. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

After initial measurement, any fair value changes including any interest income, foreign exchange gain and losses, impairment losses and other net gains and losses are recognized in the Statement of Profit and Loss.

Equity investments

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments **TDSL** decides to classify the same either as at FVTOCI or FVTPL. **TDSL** makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Profit or loss.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e., removed from the Company's Balance Sheet) when

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:
- The Company has transferred substantially all the risks and rewards of the asset, or
- The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition, any gains or losses on all debt instruments (other than debt instruments measured at FVOCI) and equity instruments (measured at FVTPL) are recognized in the Statement of Profit and Loss. Gains and losses in respect of debt instruments measured at FVOCI and that are accumulated in OCI are reclassified to profit or loss on de-recognition. Gains or losses on equity instruments measured at FVOCI that are recognized and accumulated in OCI are not reclassified to profit or loss on de-recognition.

1.3.14 Impairment of financial assets

The Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortized cost e.g., loans, debt securities, deposits, trade receivables and bank balance.
- b) Financial assets measured at fair value through other comprehensive income.

In case of other assets (listed as a) above, the company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognized as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognized as loss allowance.

1.3.15 Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial Liabilities at Fair Value through Profit or Loss (FVTPL)

Financial liabilities at fair value through profit or loss include financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk is recognized in OCI. These gains/ losses are not subsequently transferred to profit or loss. However, the company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the statement of profit or loss.

Financial Liabilities at amortized cost

Financial liabilities classified and measured at amortized cost such as loans and borrowings are initially recognized at fair value, net of transaction cost incurred. After initial recognition, financial liabilities are subsequently measured at amortized cost using the Effective interest rate (EIR) method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Derivative financial instruments

The Company uses derivative financial instruments to manage the commodity price risk and exposure on account of fluctuation in interest rate and foreign exchange rates. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently measured at fair value with changes being recognized in Statement of Profit and Loss. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken through profit and loss.

Borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any differences between the proceeds (net of transaction costs) and the redemption amount is recognized in Profit or loss over the period of the borrowing using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facilities will be drawn down. In this case, the fee is deferred until the drawdown occurs.

The borrowings are removed from the Balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of the financial liability that has been extinguished or transferred to another party and the consideration paid including any noncash asset transferred or liabilities assumed, is recognized in profit or loss as other gains/(losses).

Borrowings are classified as current liabilities unless the group has an unconditional right to defer settlement of the liability of at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statement for issue, not to demand payment as a consequence of the breach.

1.3.16 Borrowing Cost

Borrowing costs directly attributable to the construction or production of a qualifying asset are capitalized during the period of time that is required for the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

1.3.17 Offsetting of financial instruments

Financial assets and financial liabilities are offset, and the net amount is reported in the standalone balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company, or the counterparty.

1.3.18 Taxes on Income

Current and Deferred Tax

Current tax is the amount of tax payable determined in accordance with the applicable tax rates and provisions of the Income Tax Act, 1961 and other applicable tax laws.

Deferred tax is recognized on differences between the carrying amounts of assets and liabilities in the Balance sheet and the corresponding tax bases used in the computation of taxable profit and are accounted for using the liability method. Deferred tax liabilities are generally recognized for all taxable temporary differences, and deferred tax assets are generally recognized for all deductible temporary differences, carry forward tax losses and allowances to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences, carry forward tax losses and allowances can be utilized. Deferred tax assets and liabilities are measured at the applicable tax rates. Deferred tax assets and deferred tax liabilities are off set, and presented as net.

Current and deferred taxes relating to items directly recognized in reserves are recognized in reserves and not in the Statement of Profit and Loss.

Minimum Alternative Tax

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognized as deferred tax asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

1.3.19 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

1.3.20 Cash and Cash equivalents

For the purpose of presentation in statement of cash flows, cash and cash equivalents includes cash on hand, deposit held at call with financial institution, other short term, highly liquid investments with original maturities of 3 months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

1.3.21 Cash Flows

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

For the purpose of presentation in the statement of Cash Flow, cash and cash equivalent include cash on hand, deposits held at call with banks and financial institutions, other short term highly liquid investment with original maturity of 3 months or less that are readily convertible to the known amount of cash in which are subject to insignificant risk of change in value.

1.3.22 Segment Reporting

Operating segments are reported in consistent manner with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performance of the Company.

Principal assumptions are discount rate and salary increase. The discount rate is based upon the yield on govt bonds and the salary increase should take account inflation, seniority, promotion and other relevant factors. However no explicit allowance is used for disability. As per Accounting Standard, selection of appropriate assumption is responsibility of the entity. Though entity has been advised on the suitability wherever applicable, the report is based on assumptions finalized by the entity (after considering long term view entity might have considered these assumptions prudent).

Risk Factors: Other assumptions would have produced different results e.g. a decrease in discount rate or an increase in salary inflation will lead to an increase in reported liability as per table of sensitivity analysis. Similarly change in attrition rates will also impact the liability. Funded plan carries usual investment risks including asset liability mismatch which will impact net liability/expenses and OCI if any.

Projected Unit Credit (PUC) Method: is used to assess the plan liabilities, including those related to death-inservice and incapacity benefits. Under this method a projected accrued benefit is calculated at the beginning of the year and again at the end of the year for each benefit that will accrue for all active members of the plan. The projected accrued benefit is based on the plans accrual formula and service as of the beginning or end of the year, but using final compensation, projected to the age at which the employee is assumed to exit. The plan liability is actuarial present value of the projected accrued benefits as on date of valuation.

32. Impact of COVID-19 Pandemic & Subsequent restructuring of credit facilities by the lender

The company is engaged in the business of procurement and processing of milk and manufacturing and sale of Ghee, Butter, Milk Powder, packaged milk and other milk products. These are edible items for human consumption and have limited shelf life and are perishable in nature. As stated in the Audited Balance Sheet of March 31st 2022, the company has been victim of a series of extraneous circumstances due to COVID-19; such as low demand on account of elongated lock downs in 2020 and 2021 which was the peak off take season, piling of inventory resulting into expiry of shelf life of the products, downward correction in the inventory prices, delay in realization of debtors. These factors have adversely impacted its cash flows and repayment capacity of the Company resultant the Company could not service its debt on time and the accounts with the bank have been classified as sub standard by the bank. These events which were entirely beyond the control of the management have had material and adverse impact on the operations and prospects of the company.

Recognizing the issues at hand, the company and its management have engaged with the lenders for restructuring of their dues and proposal for the same has been approved by the lenders and implemented. The effects of restructuring proposal have been incorporated in the Financial Statements.

In accordance with IND AS 109 Company has done initial recognition of restructured loans at fair value due to which there is gain of Rs 1022.11 lacs which has been recognized in the profit & loss account and disclosed as exceptional item.

33. The management has planned to implement various cost saving measures with improved operational efficiency of the plant and is in process of mobilizing resources to continue the manufacturing operations of the company. Further, there has been significant decline in the spread of pandemic. Considering the improved situation and steps initiated by the management and restructuring of loans by the lender and introduction of fund by the Promoter's, the management is of the view that the operations of the company shall continue in near foreseeable future with improved operational efficiency and therefore these financial statements are continued to be presented on going concern basis.

34. Financial Instruments**(I) (i) Capital Management**

The Company's capital management is intended to create value for shareholders by facilitating the meeting of long-term and short-term goals of the Company.

The Company determines the amount of capital required on the basis of annual operating plans and long-term product and other strategic investment plans. The funding requirements are met through equity and other long-term/short-term borrowings. The Company's policy is aimed at combination of short-term and long-term borrowings.

The Company monitors the capital structure on the basis of total debt to equity ratio and maturity profile of the overall debt portfolio of the Company.

Total borrowings includes all long and short-term borrowings as disclosed in notes 15 to the financial statements.

The Capital Structure as at March 31,2023 and was as follows.

(ii) Financial instruments Accounting Classification and fair value measurement .**Calculation of Fair Values**

a) The fair values of investment in Unquoted investment in equity shares is based on the current bid price of respective investment as at the Balance Sheet date.

b) The fair value of the long-term borrowings carrying floating-rate of interest is not impacted due to interest rate changes and will not be significantly different from their carrying amounts as there is no significant change in the under-lying credit risk of the Company (since the date of inception of the loans).

c) The fair value of loans from banks and other financial indebtedness as well as other non current financial liabilities is estimated by discounting future cash flows using rates currently available for debt or similar terms and remaining maturities.

d) Cash and cash equivalents, trade receivables, other financial assets, trade payables, and other financial liabilities have fair values that approximate to their carrying amounts due to their short-term nature.

Fair value measurements recognized in the balance sheet:

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

-Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.

-Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

-Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

35. Financial risk management objectives

The Company's principal financial liabilities comprise of loan from banks and financial institutions, and trade payables. The main purpose of these financial liabilities is to raise finance for the Company's operations. The Company has various financial assets such as trade receivables, cash and short term deposits, which arise directly from its operations.

The main risks arising from Company's financial instruments are foreign currency risk, credit risk, market risk, interest rate risk and liquidity risk. The Board of Directors review and agree policies for managing each of these risks.

(a) Credit risk:

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's trade and other receivables, cash and cash equivalents and other bank balances. The maximum exposure to credit risk in case of all the financial instruments covered below is restricted to their respective carrying amount.

The Company Considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. The ageing of trade receivables is given below:-

Ageing analysis	As at 31-03-2023	As at 31-03-2022
	Rs. in Lacs	Rs. in Lacs
Upto 6 months	54.84	183.35
More than 6 months	3,769.62	3,707.59

Trade and Other receivables

Customer credit is managed by each business unit subject to the Company's established policies, procedures and control relating to customer credit risk management. Trade receivables are non-interest bearing and are generally on 90 days credit term. Credit limits are established for all customers based on internal rating criteria. Outstanding customer receivables are regularly monitored.

The Company measures the expected credit loss of trade receivables based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends.

The movement in the allowance for impairment in respect of trade and other receivables during the year was as follows.

Balance as at March 31, 2023	831.84

Other financial assets

The Company maintains exposure in cash and cash equivalents, term deposits with banks.

The Company held cash and cash equivalents of Rs.25.45 Lakhs at March 31, 2023 (March 31, 2022: Rs.16.98 Lakhs). Cash and cash equivalents are held with reputable and credit-worthy banks.

Individual risk limits are set for each counter-party based on financial position, credit rating and past experience. Credit limits and concentration of exposures are actively monitored by the Management of the Company.

Other than trade and other receivables, the Company has no other financial assets that are past due but not impaired.

(b) Market risk:

Market Risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and price risk.

(c) Interest rate risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's borrowings obligation with floating interest rates.

(d) Liquidity risk:

Liquidity is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

Rs. 3381.31 Lacs, there is no such deteriorated stock identified in F.Y.2022-23.
- Your Directors are hopeful about the performance of the company to be better in the upcoming financial years.

3. MATERIAL CHANGES AND COMMITMENTS, IF ANY, AFFECTING THE FINANCIAL POSITION OF THE COMPANY WHICH HAVE OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR OF THE COMPANY TO WHICH THE FINANCIAL STATEMENTS RELATED AND THE DATE OF THE REPORT

There are no material changes and commitments affecting financial position of the company, which occurred after the end of the financial year i.e., March 31, 2023 except the Restructuring proposal with the Lender.

The company is engaged in the business of procurement and processing of milk and manufacturing and sale of Ghee, Butter, Milk Powder, packaged milk and other milk products. These are edible items for human consumption and have limited shelf life and are perishable in nature. As stated in the Audited Balance Sheet of March 31st, 2022, the company has been victim of a series of extraneous circumstances due to COVID-19; such as low demand on account of elongated lock downs in 2020 and 2021 which was the peak off take season, piling of inventory resulting into expiry of shelf life of the products, downward correction in the inventory prices, delay in realization of debtors. These factors have adversely impacted its cash flows and repayment capacity of the Company resultant the Company could not service its debt on time and the accounts with the bank have been classified as sub standard by the bank. These events which were entirely beyond the control of the management have had material and adverse impact on the operations and prospects of the company.

Recognizing the issues at hand, the company and its management have engaged with the lenders for restructuring of their dues and proposal for the same has been approved by the lenders and implemented. The effects of restructuring proposal have been incorporated in the Financial Statements.

In accordance with IND AS 109 Company has done initial recognition of restructured loans at fair value due to which there is gain of Rs 1022.11 lacs which has been recognized in the profit & loss account and disclosed as exceptional item.

The standalone financial statement the recovery of outstanding receivables are slow due to accumulation of stocks with dealers and distributors and withholding of the payment by them. The Company has made provision of Rs 831.84 lacs for expected credit loss and doubtful receivables from customer. Determining Expected Credit Loss includes management judgment and is subject to high degree of estimation and assumptions.

4. DIVIDEND

In view of losses incurred by the company during the year under review, the Board of directors has not recommended dividend for the Year ended on 31st March, 2023.

5. TRANSFER TO RESERVES

In view of losses incurred by the company during the year under review, the Company has not transferred any amount to reserve for the year ended on 31st March, 2023.

6. CHANGE IN SHARE CAPITAL STRUCTURE

During the year under review, the company has made changes in the Capital Structure:

A) AUTHORISED SHARE CAPITAL

MANAGEMENTS DISCUSSION AND ANALYSIS REPORT

A. GLOBAL DAIRY INDUSTRY

According to a report from IMARC, the industry is expected to grow over 5.09 per cent between FY 2022 to FY 2027. Milk production in New Zealand increased by 9.8 % in March, 2021 compared to March, 2020 even after drier climate conditions in the country. Production was down by 0.8 % in February, 2021 compared to the same period last year. The major reason for decreasing production was reducing herds, labour challenges and farm exits. EU's milk production dropped by 3.8 % in February, 2021 and many EU countries like Germany, France and Netherlands faced this problem. The US experienced an increase in the production of milk by 1.8 %

INDUSTRY SCENARIO

Dairy Industry in India

India is the largest producer and consumer of dairy products in the world. It produces 22 % of the total global dairy production. The dairy industry is an essential part of the rural economy and is one of the major sources of employment and income for the rural population.

According to a report by IMARC, the dairy industry is expected to grow at a CAGR of 14.98 % between FY2022-2027. Majority of the dairy produced in India is consumed domestically, most of which is liquid milk. As per a report by CRISIL, revenue from the organised dairy sector will rebound by 12 % in FY 2022 compared to the growth of approximately 1 % in FY 2020-21. The growth would be largely due to the pick-up in demand of value added products (VAP), steady sales of liquid milk and rising retail rates in the year. Operating profitability is expected to reach its pre-pandemic levels as a result of high packaging and transport costs and high raw milk prices.

Government Initiatives

The Government of India has implemented the Rashtriya Gokul Mission from FY 2021-22 to improve productivity and enhance milk production. These schemes aim to improve remuneration for farmers. An allocation of Rs. 2400 crore has been made over the next five years. Many new technologies have been made available to the farmers under these schemes which focus on promoting private entrepreneurship to enhance affordability and increase access. With efficient implementation, it is expected that 8 crore farmers involved in the dairy industry will benefit directly as a result of the increased milk production, which is expected to increase from 198.4 million metric tonnes in FY 2019-20 to 300 million metric tonnes in FY 2024-25.

B. Opportunities

Increasing Health Awareness – As an after effect of Covid people are opting more for nutrient-rich and immunity-boosting foods.

Participation of start-ups in the dairy industry- It will support significant infrastructure investment across processing, chilling, logistics, cattle feed etc.

Rising Income levels – With income levels rising, the spending on dairy and value-added products has been on the rise. Affordable innovation would help people buy more of the products from the Company.

Demand for premium products - As income levels rise and lifestyles change, consumers are demanding products with innovation and benefits. This provides an opportunity for the food and dairy companies to innovate and launch products that will attract the consumers to the Company. COVID-19 converted “out of home consumption” trend into “order online”. As the consumer intent to shop online continues to increase, it will create more opportunities for the value added dairy product category.

Threats

1. Increased competition from local players and international companies
2. Lack of awareness among the farmers and dairy farms not being in the best of the conditions
3. Extensive cross-breeding for raising milk productivity may lead to disappearance of indigenous cattle
4. Unusual climate change and adverse weather conditions
5. Rapidly changing preferences amongst customers

BUSINESS OVERVIEW

Our Company was originally incorporated as a private limited company on 30th July, 1992 under the name Tasty Dairy Specialities Private Limited vide certificate of Incorporation dated July 30, 1992, issued by the Registrar of Companies, Kanpur under the provisions of Companies Act 1956. Subsequently our Company was converted into a public limited company pursuant to special resolution passed at the Extra-ordinary General Meeting of our Company held on April 10, 2004 and the name of our company was changed to “Tasty Dairy Specialities Limited” Upon conversion into a public limited company, a fresh certificate of incorporation was issued by the Registrar of Companies, Kanpur on November 25, 2004. The Corporate Identification Number of our Company is L15202UP1992PLC014593. Our Company is currently involved in processing milk, along with bulk milk procurement and handling during season time which primarily caters to bulk and marquee institutional customers. Company is also involved in value added milk products like SMP, butter, ghee, dairy whitener, concentrated milk etc.

Our Company has wide range of quality dairy products under its umbrella which includes Pasteurized Liquid Milk, Cream, Butter (White/Salted), Pure Desi Ghee (Clarified Butter), Paneer (Fresh Cottage Cheese), Skimmed Milk Powder, Full Cream Milk Powder, Dairy Whitener, Instant Gulab Jamun Mix, Mithai Powder etc., are packaged under the brand names “UJJWAL”, “SHIKHAR”, “VERIFRESH”, “CIMA”, “MITHAI MASTER” which are available in Uttar Pradesh, Madhya Pradesh and Bihar, whereas, the institutional products are supplied pan India. As of March 31, 2023, our distributor network included more than 15 distributors through which we serve a large number of retail outlets.

We have received several quality certifications relating to our products and production facilities, including ISO 22000:2005 certification from IRCLASS Systems and Solutions Private Limited for receipt of raw milk, processing, packaging, storage and dispatch of pasteurized milk and milk products. The company has made constant efforts in raising the bar by achieving various quality standards like BIS certificate from Bureau of Indian Standard in respect of skimmed milk powder, AGMARK quality certification for ghee, approval for processing and packaging of milk products for export by Export Council of India. Our products undergo stringent quality check and meet the highest standards set by our customers.

D) OUTLOOK

Indian Dairy industry witnessed a steady recovery after the COVID-19. Most of the value-added product categories are expected to deliver a double digit growth in the coming years. Rapid urbanisation and population growth will help in robust growth of the liquid milk market, which is estimated to grow by 2.5 times in the next 5 years.

The outlook for dairy industry seems promising owing to strong commodity prices, recovery in economic growth and improving consumer sentiments. The dairy industry provides ample growth opportunities, driven by growing population and urbanization, changing dietary patterns and increasing demand for value-added milk products. The Company strives to leverage these opportunities and create innovative products that meet diverse consumer requirements. Automation in operations will be instrumental to strengthen its supply chain and improve processes, while ensuring minimal wastage and premium quality. Further, the Company's expenditure on marketing and advertising would help to reinforce its brand name.
